“ Daniel such a kind loving you man. Friend to anyone that would let him in. Once you got to know him you would see just how precious he was. We had the pleasure of living across from him for a few years and he would come over and play video games or watch movies with our boys. He loved to show off his new knives and such and always wore something with the Punisher Skull. RIP sweet Daniel The Punisher symbol will always remind us of you.

I have very fond memories of Daniel from kindergarten all through his adult life. He was always very kind and loving. He had a great imagination and always told the best stories! Every time he saw me he greeted me with a smile. He is unforgettable.

“ Daniel was a wonderful young man who I had the privilege of having as one of our students at Ball Ground Elementary. I met Daniel as a fun loving kindergarten student in Ms. Grella's classroom, which was also my daughter's class that year. Daniel had a remarkable way of becoming everyone's little boy and we all loved him like he was our own child. He had many moms and several dads while he was under our wing, of course I have fond memories of his grandmother and aunt who were incredibly supportive of Daniel. My thoughts and prayers are with the family.

“ I worked with Daniel in third grade. He was a very sweet child. He could mimic just about anyone or anything. His impersonation of a T-Rex had the entire class in stitches. I am sad to hear of his passing but know that he is at peace. My deepest condolences to those that loved him.

“ I am so sorry for your loss. Daniel stole my heart in kindergarten! I worked in the office and he would come see me every morning. I am so thankful that he and I were part of each others life. Mine is definitely better because of him. I loved his grandmother and her stories

she would share with me. Please accept my deepest condolences.
